

Info-Tower Dual XL

mobile stand system

Item no.: 1822

The Info-Tower Dual XL is a mobile stand system for two screens „side-by-side“ with a size between 55 and 65“ / 140 - 165 cm.

The black high-gloss surface is the highlight that can be easily implemented in any environment.

The stable castors are concealed in the base of the Info-Tower and, if necessary, enable the entire stand system to be moved easily.

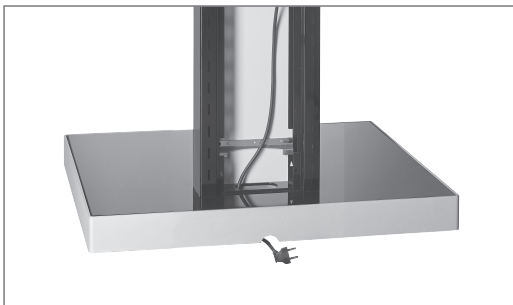

The column cover on the back is removable and allows easy access to the cabling, which finds enough space inside the column.

The VESA universal mount PLW 195 is already included and can be used up to VESA 600 x 400 mm max..

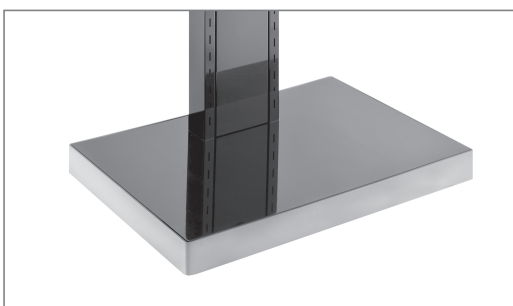

The TV mount can be securely hung in different heights and also has a hang out protection.

The maximum load of the stand system is 2x 40 kg.

Thanks to a wide range of optional additional items, the system can also be easily adapted to special, individual requirements.

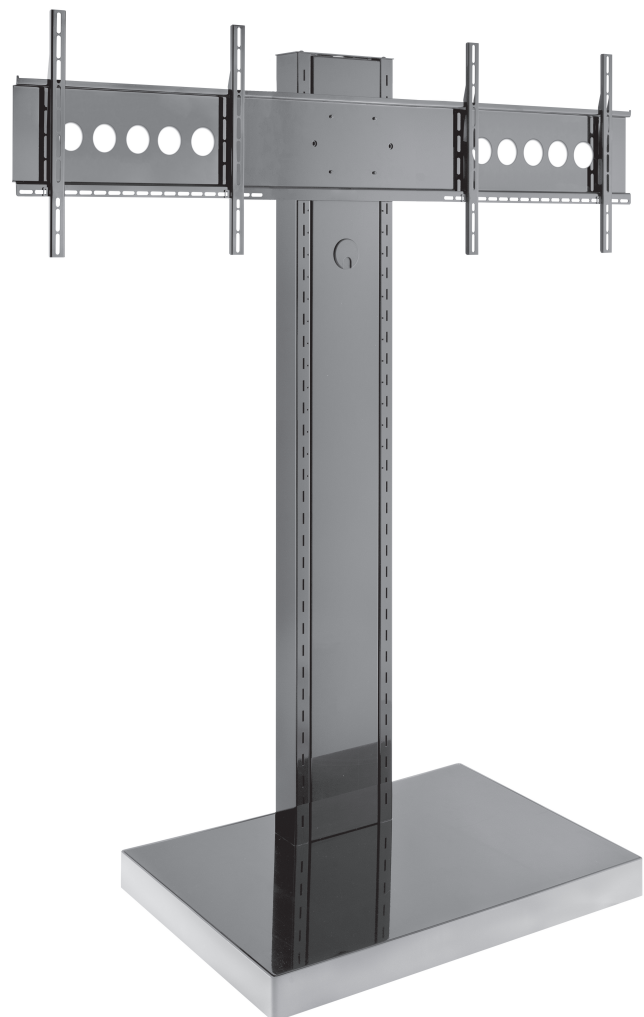

removable column cover on the back

concealed castors, high-gloss surface
