

vis-it Welcome

Indoor totem for screens with 55"

The vis-it Welcome is an indoor totem for screens with a size of 55" / 140 cm. It is also available in a version for 43" (Item no.: 1907) or 49" (Item no.: 1908) .

Due to the beveled construction and the viewing angle that results, it is particularly suitable for positioning in the entrance area or for any type of touch applications.

Screens up to a maximum installation depth of 68 mm find their place in the high-quality indoor totem.

The cable routing takes place inside and ensures a clean and neat appearance. A power strip is already integrated.

Item no.: 1909

The vis-it Welcome offers space in a lockable storage compartment e.g. for a mini PC or other equipment which needs protection against unauthorized access or theft.

The vis-it Welcome is available in a RAL colour of your choice and can be adapted to the environment or an existing corporate design.

Optionally, the totem can be equipped with security glass in front of the screen or a WiFi antenna.

In case of a project, also possible according to customer specification.
