

Braclabs[®]-Stand Wall

Stand system for Wall installation

Item no.: 2073

The Braclabs Stand Wall is a stand system for Wall installation. It is suitable for screens from 32 up to 55" | 81 - 140 cm. It is particularly characterized by its extremely simple and quick assembly.

The VESA universal mount includes the VESA standards up to VESA 600 x 400 mm max. and can be used in landscape or portrait format.

The high-quality stand system is variable in height between 1400 mm min. to 1880 mm max. (center of screen).

The pin screw on the back enables the desired height to be secured. Cables are routed inside the column and remain almost completely invisible. A cable pulling aid is included.

Optionally a Braclabs front shelf (Item no.: 1984) can be installed on the stand system.

Landscape or portrait format possible

handle on the back of the column
