

MeetUp Display-Adapter 75 - 86" product specific universal adapter

Item no.: 2279

The MeetUp display adapter 75 - 86" is a product specific adapter for Logitech MeetUp video conference cameras.

The adapter is installed between the screen and the screen mount. It is suitable for screens from 75 - 86" | 191 - 218 cm.

The VESA standard up to max. VESA 800 mm is supported.

Thanks to the oblong hole, the desired height can be adjusted and fixed exactly.

It can be installed above or beneath the screen.

The surface of the adapter is finished with an impact- and scratch-resistant powder coating in black.

All fastening materials are included in the scope of delivery.

Installation example at Info-Tower Single L (Item no.: 1566)
