

vis-it Welcome

Indoor totem for screens with 43"

The vis-it Welcome is an indoor totem for screens with a size of 43" / 109 cm. It is also available in a version for 49" (Item no.: 1908) or 55" (Item no.: 1909) .

Due to the beveled construction and the viewing angle that results, it is particularly suitable for positioning in the entrance area e.g. as a digital signage or for any type of touch applications.

Screens up to a maximum installation depth of 68 mm find their place in the high-quality indoor totem.

The cable routing takes place inside and ensures a clean and neat appearance. A power strip is already integrated.

Item no.: 2516

The vis-it Welcome offers space in a lockable storage compartment e.g. for a mini PC or other equipment which needs protection against unauthorized access or theft.

The vis-it Welcome is available in a RAL colour of your choice and can be adapted to the environment or an existing corporate design.

Optionally, the totem can be equipped with a security glass in front of the screen or a WiFi antenna.

In case of a project, also possible according to customer specification.
