

BL Swingmount L

Swivelling wall mount

Item no.: 2600

With the BL Swingmount L you can always turn the screen into the right position and thus into the optimal angle.

The swivelling wall mount is suitable for screens from 32 to 55" | 81 - 140 cm.

The VESA standard up to max. 600 x 400 mm is supported.

The installation direction is selectable (left or right).

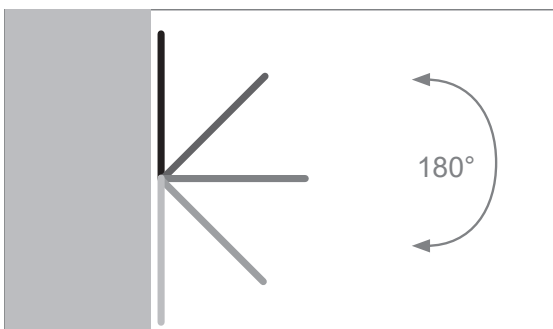

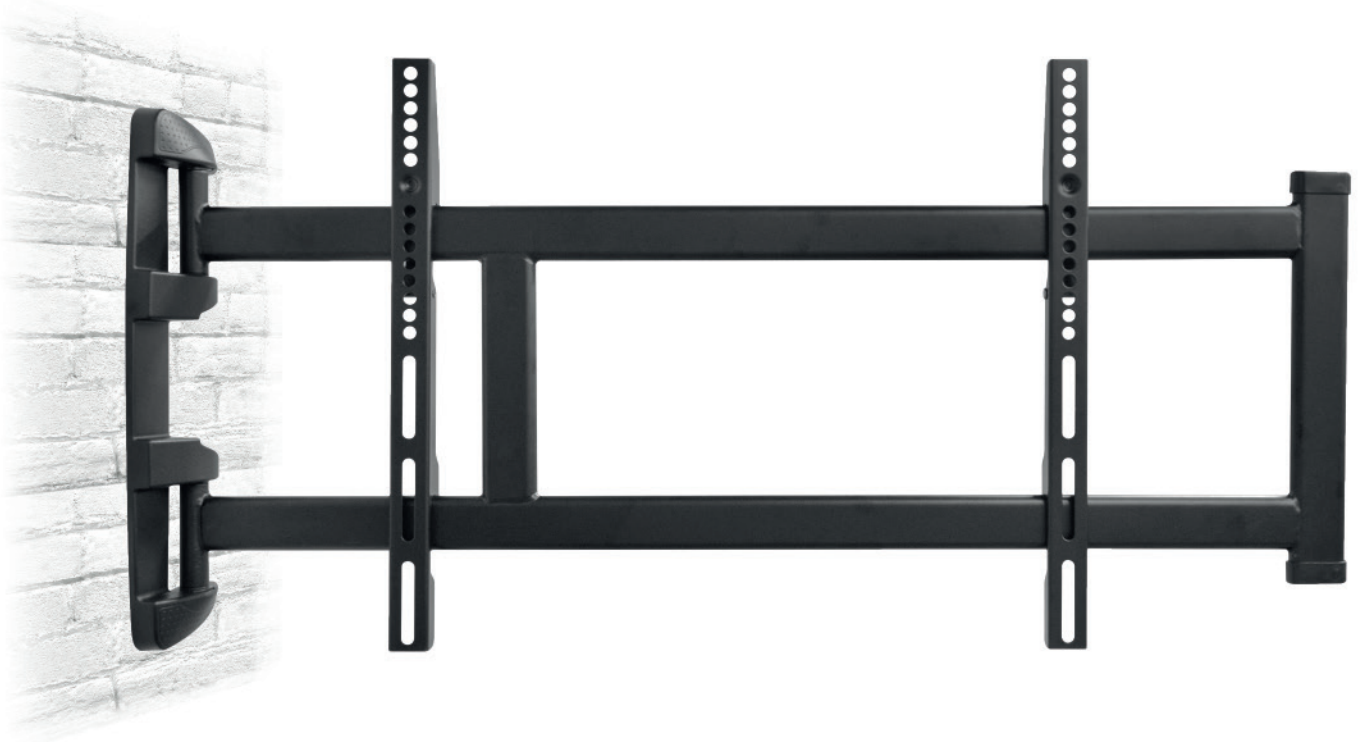

The high quality wall mount supports a swivelling of 180°.

Due to its compact design and the continuous adjustment option, the BL Swingmount L adapts to every conceivable room concept.

You can always look at the same screen from the living room, dining room or balcony.

The surface of the wall mount is finished with an impact- and scratch-resistant powder coating in black.

The max. load is 40 kg.
