

CON-Line[®] AV Shelf

Item no.: 2932

Optional accessory for CON-Line media steles

The CON-Line AV Shelf is available as an optional accessory and can be used in combination with all CON-Line[®] media steles.

The shelf is mounted on the front of the media stele.

The CON-Line AV Shelf is installed by simply hanging it into the front cover and can optionally be fixed from the back.

Small accessories, such as remote control, roller pen or laser pointer find their place on the shelf and are always at hand.

Thanks to a solvent free, impact and scratch resistant black powder coating, the CON-Line AV Shelf is very easy to care for.

Optionally, the AV shelf can be fixed on the back

Suitable for all CON-Line media steles

Scratch and impact resistant powder coating
