

CON-Line[®] Laptopholder

Optional accessory for CON-Line media steles

Item no.: 2933

The CON-Line[®] laptop holder is available as an optional accessory and can be used in combination with all CON-Line[®] media steles.

The shelf is mounted on the front of the media stele.

The laptop shelf is installed by simply hanging it into the front cover and can optionally be fixed from the back.

Thanks to a solvent free, impact and scratch resistant black powder coating, the holder is very easy to care for.

Optional fixation possible

Suitable for all CON-Line media steles

Impact and scratch resistant powder coating
