

CPS FLOOR-CEILING BACK-2-BACK

comPROnents® complete solution

Item no.: 3303

The CPS Floor-Ceiling Single is a system for fixed floor-ceiling mounting.

The system is suitable for two screens between 46 - 65" | 117 - 165 cm screen diagonal (back-2-back).

The screens can be mounted either in landscape or portrait orientation.

The VESA mounts can be equipped up to VESA 600 x 400 mm or 400 x 600 mm max.. The VESA mounts can also be tilted from 0 to 20°.

The height of the screen mount can be adjusted variably and it can also be swivelled through a full 360°, which ensures optimal alignability (Tool needed).

The total height of the system is 3000 mm. This can be shortened if required.

Cables are routed internally. Cable outlets at suitable positions ensure convenient handling.

The surfaces of the components are protected by an impact and scratch resistant powder coating in black.

The maximum load is 40 kg.

The complete solution can be combined and expanded with the components of the comPROnents® series without restriction and thus offer further application possibilities.

VESA max. 600 x 400 mm or 400 x 600 mm

Neat ceiling and floor finish

internal cable routing
