

## HP LED Floorstand Maxhub Raptor 138"

Item no.: 5957

### free standing floor stand

The HP LED Floorstand Maxhub Raptor 138" is a free standing floor stand that was designed specifically for Maxhub LED displays.

The screens can be mounted at 3 different heights, depending on the preference or requirement at the installation site.

The leveling feet with level control can be precisely aligned if necessary and compensate for small unevenness in the floor.

The simple, minimalist design blends into any environment and is therefore not annoying or even obtrusive.

The surface of the free standing floor stand is easy to care for, thanks to a solvent free, impact and scratch resistant powder coating in black.

Optionally, the floor stand can be equipped with a useful AV Shelf.
