HP Twin Stand
Stand system

Item no.: 8209

The HP Twin Stand is a stand system which is suitable for screens with a size of 32 - 55" | 81 - 140 cm.

The included VESA mount can be equipped with a max. VESA standard of 600 x 400 mm.

The screen can be mounted either in landscape or portrait format.

The height of the screen can be variably adjusted by means of locking steps with spring bolts along the columns between a minimum of 1200 mm and a maximum of 1500 mm (approx. centre of the screen).

The cables are routed inside the telescopic tubes.

A height adjustable camera holder and a height adjustable AV shelf are included in the scope of delivery. Both can be used optionally.

The surface of the HP Twin Stand is finished with an impact- and scratch-resistant powder coating in black.

The max. load is 45 kg.

Please note!
*The system is not suitable for touch screens.*
