

BL Fixed 800

Wall mount, fixed

Item no.: 8414

The BL Fixed 800 is a fixed wall mount, which is characterized by a slim, but at the same time stable design.

Screens from 46 to 65" / 116 - 165 cm can be installed. The universal VESA standard is supported up to a maximum of VESA 800 x 600 mm.

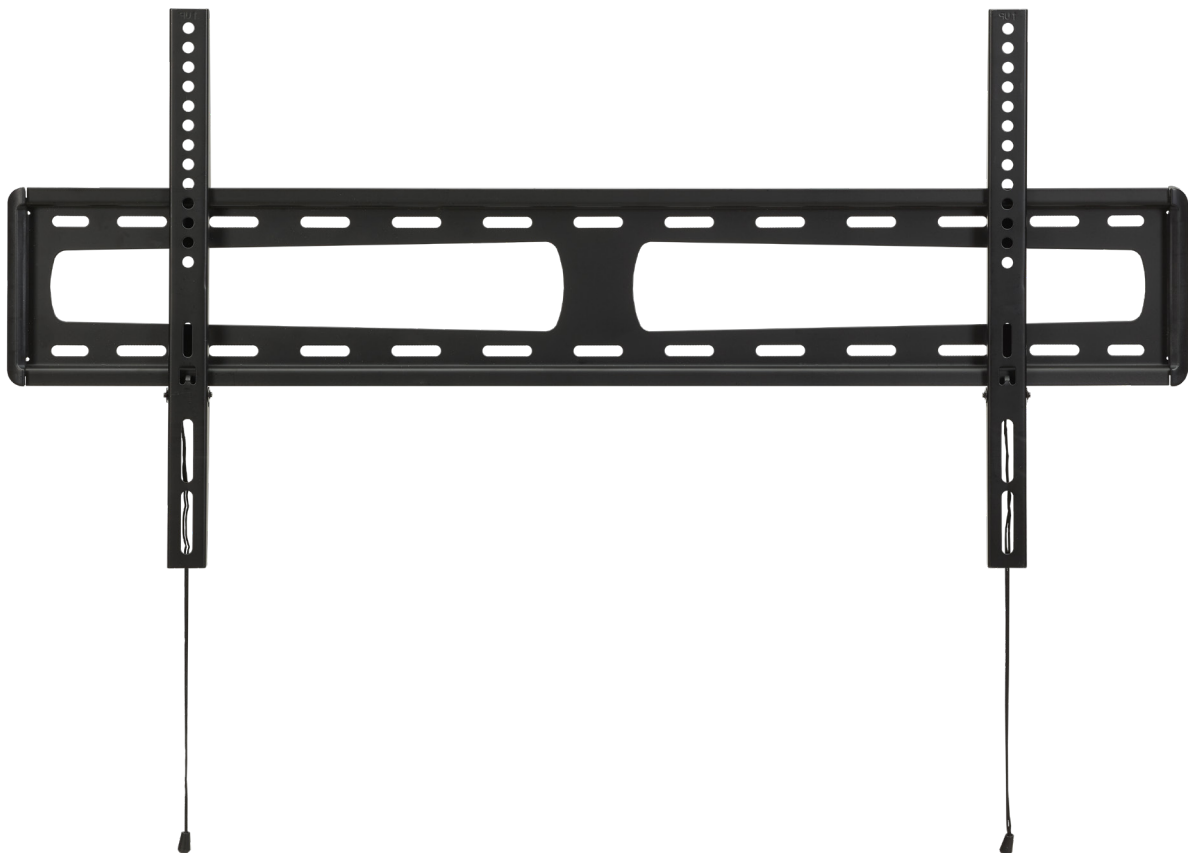

An integrated bubble level ensures simple and exact horizontal installation.

The wall mount is impact and scratch resistant powder-coated, black and takes up little space due to the small wall distance of just 22 mm.

A clever click system with unlocking function enables a secure hold and quick assembly.

The quick-tension cables can be placed behind the screen using a magnet and, if necessary, can be easily pulled down to unlock the TV from the wall plate for cable access.

The maximum load is 60 kg.

BL Fixed 800

Wall mount, fixed

Item no.: 8414

- for screens from 46 - 65" / 116 - 165 cm
