

VWH-ASxxx drill template (Quick assembly aid)

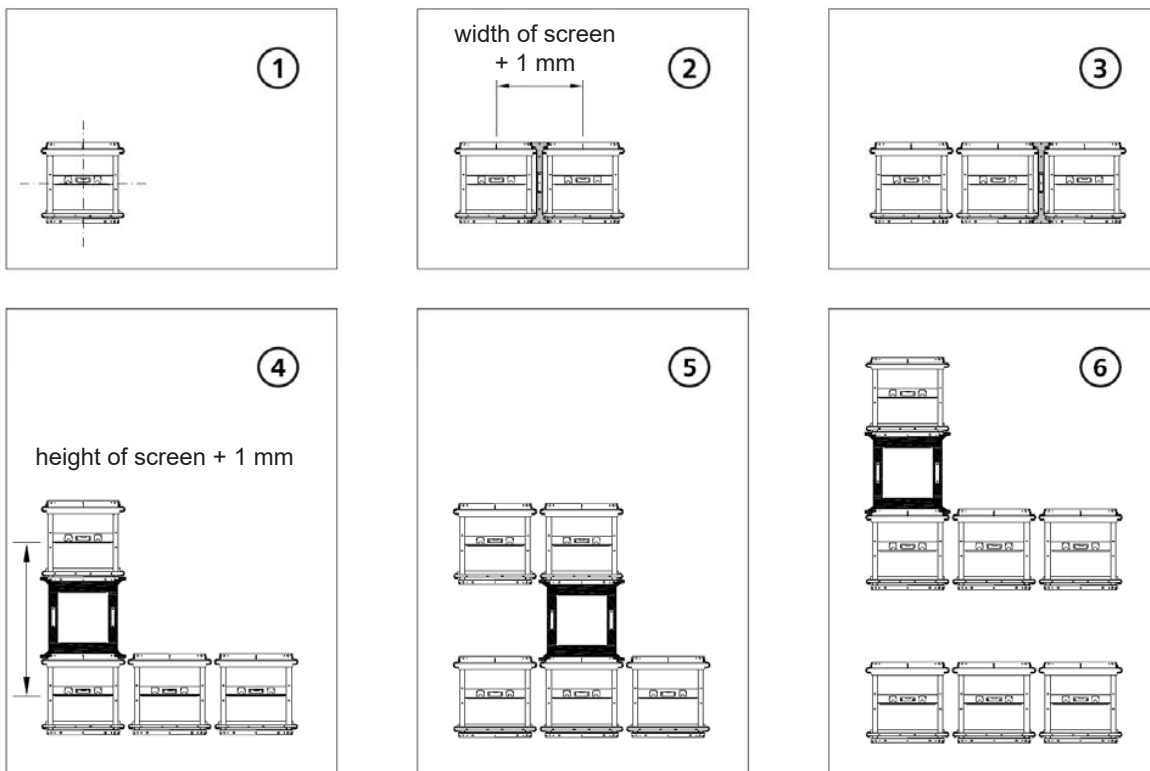

- available for all video wall screens
- set of 2, consisting of 1 horizontal spacer and 1 vertical spacer so that it can be either used for installation in portrait or landscape format
- it is unnecessary to measure any other distances
- massive saving of time
- can be re-used indefinitely often in case of same display type
- display list under: www.hagor.de
- usable with VWH-1, VWH-4 and VWH-NT

Example of installing a screen in landscape format
