

CPS FLOOR-WALL BOLT-DOWN 2x 55 - 65“ comPROnents® complete solution

Item no.: 3331

The CPS Floor-Wall Bolt-down 2x 55 - 65“ is a system for floor-wall mounting. Two screens with a screen size between 55 - 65“ | 140 - 165 cm find their place next to each other (side-by-side).

The VESA standard is covered up to max. VESA 800 x 400 mm. The VESA arms can also be tilted from 0 to 20°.

Floor-wall mounting is space-saving. The depth of the wall adapters can be adjusted variably.

The Rails are height-adjustable along the Alu Pillars and thus offer flexible mounting options to suit the respective room situation.

Alu Pillars and Rails can be shortened if necessary.

Cables are routed along the rear of the rails and pillars using cable clips and thus remain out of sight.

The surfaces of the individual components are protected by an impact and scratch resistant powder coating.

The maximum load per screen is 50 kg.

The complete solutions can be combined and extended with the components of the comPROnents® series without restriction and thus offer further application possibilities.

Depth adjustable

VESA-Arms, 0 - 20° tiltable

Cable management along the rails and pillars

CPS FLOOR-WALL BOLT-DOWN 2x 55 - 65“

comPROnents® complete solution

Item no.: 3331

- for 2 screens „side-by-side“
- 2x 55 - 65“ | 140 - 165 cm
- Landscape
- VESA max. 800 x 400 mm, 0 - 20° tiltable
- space-saving floor-wall mounting
- Cable management along the rails and pillars
- Rails along the aluminium pillars height adjustable
