

STM Cisco WebEx Board 85" display-specific, mobile stand system

Item no.: 5846

The STM Cisco WebEx Board 85" is a mobile stand system specifically designed for the Cisco WebEx Board 85".

The hole pattern of the mobile stand system has been designed and optimised specifically for Cisco collaboration room systems.

Locking screws on the screen mounts secure the screen against unhooking and falling down.

Cabling is organised and held together by cable clips along the rails and columns.

The surfaces of the STM Cisco WebEx Board 85" are finished with a solvent-free, impact- and scratch-resistant powder coating in black.

The maximum load capacity is 110 kg.

Cable routing along the rails

Castors with locking brake

Stable construction
