

## ST Motorized Cisco WebEx Board 85" display-specific, freestanding lift system

**Item no.: 5854**

The ST Motorized Cisco WebEx Board 85" is a free standing, height adjustable lift system, which has been specially designed for Cisco WebEx Board 85".

The hole pattern of the free standing lift system is designed for Cisco's collaboration room system.

Locking screws on the screen mount secure the screen against unhooking and falling down.

The height of the screen can be adjusted electro-motorically with a wired remote control.

The stroke of 980 mm allows the screen height to be optimally adjusted for standing and seated viewers.

The lift system also features collision protection, which immediately stops the movement of the screen as soon as resistance is encountered.

The tilt-proof base plate ensures a stable stand.

Cable management is neatly organized via a flexible cable drag chain.

The surfaces of the ST Motorized Cisco WebEx Board 85" are finished with a solvent-free, impact- and scratch-resistant powder coating in black.

The maximum load capacity is 110 kg.
