

Floorstand Lift Pro Light Black

Item no.: 7809
Version 2021

height-adjustable lift system for XXL screens

The Floorstand Lift Pro Light Black is a height-adjustable lift system for screens from 55 - 86" | 107 - 218 cm.

Depending on your needs, the screen can be installed in landscape or portrait format (depending on screen size!). The VESA mount includes the VESA standards up to VESA 800 x 600 mm max. .

The height of the screen can be adjusted by an electric motor. The driveway of 978 mm enables the screen height to be optimally adjusted for standing or seated viewers. The start and end points can be programmed. This offers the possibility to adjust the lift to the individual needs.

Thanks to the asymmetrical shaped base the system can be positioned close to a wall. The required footprint W 1045 x D 700 mm.

The Floorstand Lift Pro Light Black has an integrated media cabinet, which can be locked and safely protects AV equipment stored there from unauthorized access or theft.

Thanks to the maximum load of up to 120 kg the system is also suitable for large, heavy screens.

The tilt-proof base plate ensures a stable stand.

The cable management is neatly organized via an flexibly running drag chain.

Optionally a height-adjustable camera holder (Lift Pro Camera Holder Black - Item no.: 8902) is available.

978 mm driveway

lockable media cabinet

wired remote control
