

CPS-POLE 1500 MM

comPROnents® component

Item no.: 3214

- straight pole - ideal for a single row of displays
 - usable in conjunction with the CPS-Ceiling Plate
 - The poles of the comPROnents series can be shortened to the required length. After shortening the pole, we recommend the drilling template to insert the appropriate hole pattern for attaching additional components - CPS drilling template, Item no.: 3224
 - can be extended by using the CPS-Pole Connector
- and can therefore also be used for floor-ceiling installations
 - material: steel
 - length: 1500 mm
 - pole diameter: 60 mm
 - impact- and scratch-resistant powder coating
 - colour: black
