

## Pro-Tower Wall Dual

### Floor stand for floor-wall mounting with dual mount

**Item no.: 2879**

The Pro-Tower Wall Dual is a floor stand for floor-wall mounting which is suitable for two screens with a size from 55 - 65" | 140 - 165 cm, mounted side-by-side.

The VESA mounts can be equipped in landscape orientation from min. 200 x 200 mm up to max. 600 x 400 mm.

The dual mount can be mounted at two heights and has an inclination adjustment (Tool needed).

The power supply is located internally inside the floor stand.

Thanks to the floor-wall mounting, the slim floor stand requires little space and is therefore also suitable for smaller rooms.

The maximum load capacity is 2x 35 kg.

AV shelf included (optional use)

Integrated power strip from Bachmann

Power supply hidden inside the floor stand

## Pro-Tower Wall Dual

Floor stand for floor-wall mounting with dual mount
