

HP LED Floorstand LG LAEC 163" GN2 **Item no.: 6289**

mobile floor stand

The HP LED Floorstand LG LAEC 163" GN2 is a freestanding floor stand that was designed specifically for LG LED displays.

The screens can be mounted at 3 different heights, depending on the preference or requirement at the installation site.

The leveling feet with level control can be precisely aligned if necessary and compensate for small unevenness in the floor.

The simple, minimalist design blends into any environment and is therefore not annoying or even obtrusive.

The surface of the Floorstand is easy to care for, thanks to a solvent free, impact and scratch resistant powder coating in black.
